

Inclusion Statement

Abbotsmead CDC is committed to providing access to all members of the community. For those in wheelchairs, we have a stair-lift that provides access.

Various resources are available and we will take all practical steps to meet the needs of each individual. For those with hearing problems we have a hearing loop. For those with visual impairment we are able to produce copies of all materials in large print. We can also adjust settings on the computer screen to assist with visual difficulties.

One to one tuition will be available if this is needed. Extra help will be sought from relevant bodies and or partners, according to the learner needs.

Disabled toilet facilities are available and a small lift is available to provide access to our ground floor facilities.
